Your wedding - your rules. No questions asked. Woodhill's Inspiration wedding package allows you the freedom of choosing your own wedding team (your own photographer, DJ, cake artisan and flowers etc.) and to do your own planning, whilst still having us in your corner to take care of your professional décor, styling and on-the-day scheduling needs.

"All clients (not restricted to weddings only) must make use of Woodhill's in-house coordinator or appoint a registered events company to do on the day coordination. We want to avoid the immense pressure that clients/owners put on our team with regards to unorganized details/requests that we end up having to sort out because of poor time management and coordinating skills. This is also a way to generate added income by delivering an in-house or "all in one" service to clients.

Services

Our Inspiration package includes:
