

WOODHILL

RESIDENTIAL ESTATE & COUNTRY CLUB

Vision Package

www.woodhillestate.co.za/wedding

Who has the time to plan a wedding these days? Our Vision package gives brides-to-be the free-dom to take care of themselves, whilst we take care of the rest.

The package includes full use of our wedding planning, on-the-day coordination and styling services - based on an initial, intimate consultation, in order to meet and exceed each couple's needs and dreams.

"All clients (not restricted to weddings only) must make use of Woodhill's in-house coordinator or appoint a registered events company to do on the day coordination. We want to avoid the immense pressure that clients/owners put on our team with regards to unorganized details/requests that we end up having to sort out because of poor time management and coordinating skills. This is also a way to generate added income by delivering an in-house or "all in one" service to clients.

Services

The Vision package includes:
